ROCKLIN
CALIFORNIA

Vision Statement

To become a City that provides its citizens with exceptional quality of life, while maintaining its small-town sense of community.

This page is intentionally left blank.

EXECUTIVE SUMMARY

The City of Rocklin Capital Improvement Plan (CIP) is a five-year planning document to identify the current and future capital improvement needs of the City and to align those needs with the appropriate timing and financing in a way that assures the most responsible and efficient use of City resources.

This document is prepared separately from the City's Operating Budget in order to provide a more thorough and detailed description of the City's capital improvement projects and equipment contained within.

Each year, all projects and equipment included in the plan are reviewed, and requests for new projects and equipment are considered. Pursuant to the City's Strategic Plan and long-range planning objectives, each request is analyzed according to need, relative priority, and the City's ability to implement it using available resources. Existing capital projects are reassessed annually to determine if adjustments are needed due to changes in conditions or needs.

The five (5) year CIP is based on the City Council and City administration's recognition of the need to have a comprehensive and financially balanced plan to maintain and improve its capital infrastructure and facilities to meet the needs of a dynamic city.

CIP Committee Recommendations:

Sixteen (16) Previously Approved Projects:

- ADA Transition Program - Housing and Urban Development (HUD) Specific Areas
- ADA Transition Program - Non-Housing and Urban Development (HUD) Areas
- Aguilar Road Improvements
- Annual Road Maintenance Program
- City Hall Office Space Study and Remodel
- Granite Drive Median
- Mission Hills Reconstruction Phase IV
- Monument Springs Bridge
- Park Play Structure Replacements
- Pavement Rehabilitation
- Police Department HVAC and Roof Replacement
- Reserve Apparatus Storage
- Rocklin Road / Sierra College Corridor Multimodal Enhancements
- Sierra College Blvd. Widening (Schriber to Dominguez)
- Stormwater Pipe Replacement Program
- Sunset Whitney Recreation Area Improvements

EXECUTIVE SUMMARY

Six (6) New Projects:

- Blue Oaks Pedestrian Crossing
- Citywide Roadway Resurfacing
- Five Star Blvd. and Destiny Drive Reconstruction
- I-80 Westbound Auxiliary Lane
- Placer County Water Agency Roadway Improvements
- Sierra College Blvd. Roadway Rehabilitation

Fourteen (14) Unfunded Future Projects:

- City Hall HVAC Refurbishment
- Community Center Renovation
- Farron Street Railroad Crossing Pedestrian Improvement
- Johnson Springview Community Park Parking Lot
- Kathy Lund Community Park Parking Lot
- Kathy Lund Community Park Picnic Pavilion
- Pacific Street - Curb, Gutter, and Sidewalk
- Park Drive Resurface and Restripe
- Public Safety Training Center
- Quarry District Alley Work
- Railroad Avenue North West Extension
- Sunset Blvd. Sidewalk
- Sunset Park Trail Phase A
- Whitney Ranch Pkwy and University Avenue Roundabout

One (1) Equipment:

- Fire Station Alerting

When projects are in-progress, but not fully completed by the end of the budgeted fiscal year, the project's remaining expenditure budget may carry-forward into the following fiscal year to allow for project completion.

Five (5) In-Progress Projects Completing in FY 2023/24:

- Fire Station 24 Security
- Fire Station 25 Privacy
- Fire Station 25 Security
- Bike Pump Track
- Sunset Whitney Recreation Area Restrooms

CAPITAL IMPROVEMENT PLAN ACCOMPLISHMENTS

The Capital Improvement Plan has proven to be successful in achieving numerous capital improvement project accomplishments.

Some of the significant accomplishments in FY 2022/23 include:

- **Argonaut Culvert Replacement**
Replaced the failed pipe, restored the headwall and endwall, and repaired the pedestrian pathway pavement allowing Clover Valley Creek to flow under Argonaut Avenue.
- **Pacific Street Roundabout**
Replaced existing signalized intersection with a multilane roundabout with new pavement and street lighting system.
- **Sunset Whitney Recreation Area East Trails**
Replaced existing pathway on eastern portion of the Sunset Whitney Recreation Area.

CAPITAL IMPROVEMENT PLAN OVERVIEW

Throughout the course of a year various City departments identify and compile lists of capital improvement projects and equipment requests that are then submitted during the budget process. In order to systematically review and evaluate these requests, a Capital Improvement Plan (CIP) has been developed. The Capital Improvement Plan (CIP) is a planning document to ensure that the City's infrastructure and equipment are appropriate and adequate to serve the needs of the citizens of Rocklin.

Capital Assets

Capital assets are real or personal property that have a value equal to or greater than the capitalization threshold and have an estimated useful life of greater than one year. The threshold for infrastructure is set at \$100,000. The thresholds for all assets other than infrastructure are \$10,000 unless the asset is acquired using grant funds, in which case it is \$5,000.

CIP Committee

The CIP Committee is comprised of staff representing various departments:

Aly Zimmermann, City Manager
Tameka Usher, Director of Administrative Services
Daniel Choe, Deputy Director of Administrative Services
Justin Nartker, Director of Public Services
David Mohlenbrok, Director of Community Development
Kevin Huntzinger, Director of Parks and Recreation
Reginald Williams, Fire Chief
Rustin Banks, Police Chief
Matt McClure, Public Services Manager
Karen Egyud, Public Services Administrative Analyst
Debbie Draper, Public Services Business Technician

Project Prioritization

The prioritization of proposed CIP projects is critical in determining which projects will be included in the five-year program planning period. Factors such as Federal, State, and safety regulations, demands due to increased population, potential for increased efficiencies, maintenance of existing service levels and funding availability are all analyzed. Additionally, projects defined as part of the City's Strategic Plan are given high priority.

CAPITAL IMPROVEMENT PLAN OVERVIEW

CIP Management

The CIP Committee and City staff manages the CIP on an ongoing basis throughout the fiscal year, providing progress reports when needed, evaluating new opportunities, and resolving issues.

The following are some activities related to the management of the CIP:

- New CIP projects, with funding identified in the current fiscal year, must be approved before work can begin. The availability of funding and staffing are confirmed, as well as determining that the need for the project still exists.
- Oversight to ensure the funds are used for improvement projects and equipment according to City policies and procedures.
- The projected expenditures shown for future fiscal years are provided primarily for project planning and financial budgeting purposes and do not reflect a commitment of funds past the first fiscal year of the plan.
- After a CIP project and the associated budget is adopted, there may be a need to either increase a project budget or add a new project to the CIP prior to the next CIP budget cycle. In these cases, a request will be submitted to the City Council for approval.

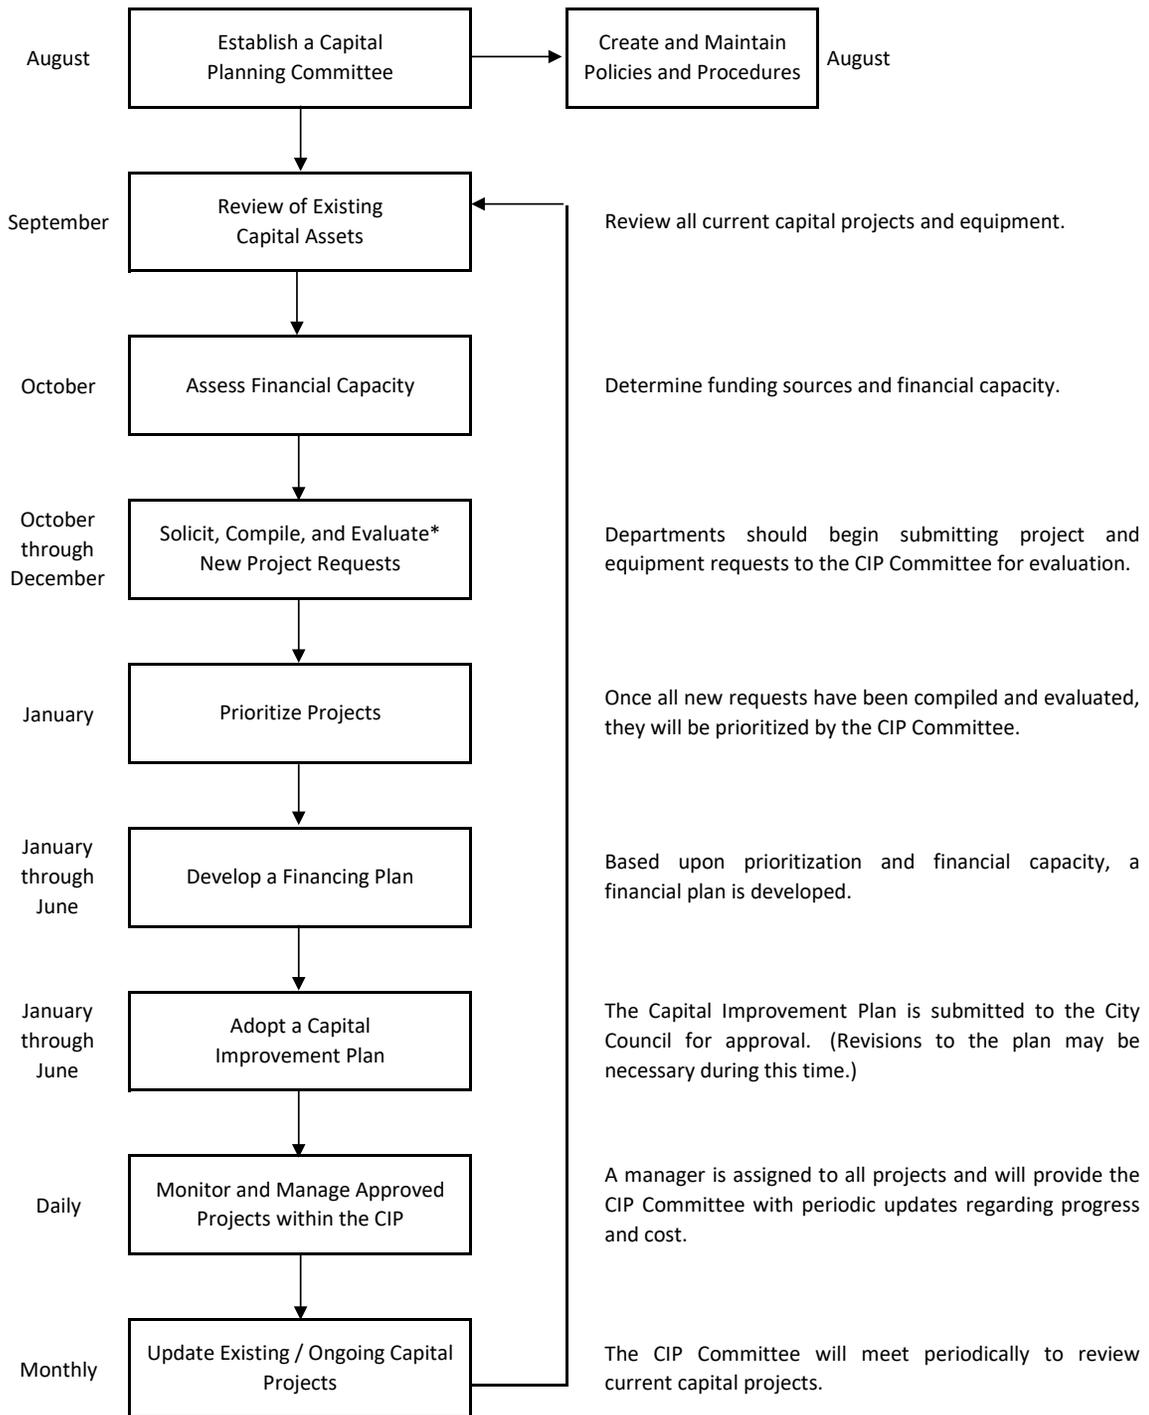

Traffic Impact Fees and Capital Improvement Program

Consistent with the Rocklin General Plan, new development in the City will occur, generating additional traffic throughout the City and contributing to the degradation of traffic levels of service. Street improvements necessary to maintain acceptable levels of service are identified in the Circulation Element of the General Plan, along with various methods of financing these improvements. One of these methods is the Traffic Impact Fee. The purpose of the Traffic Impact Fee is to finance street improvements to reduce the impacts caused by new development within the City.

A study was conducted dated May 23, 2007 (Resolution 2007-126) and amended to update the Traffic Impact Fee on July 26, 2011 (Resolution 2011-125). The purpose of the study was to determine roadway improvement needs, improvement costs, and a fee determination. Impact fees collected shall only be used to finance the street improvements described or identified within the “City of Rocklin Traffic Impact Fees and Capital Improvement Program” (the “Fee Report”).

The City is currently working with Fehr and Peers to update the existing “Fee Report”. However, it will be at least a year before the update will be completed.

CAPITAL IMPROVEMENT PLAN TIMELINE

* The evaluation process should encompass all related project and asset costs including future associated operating, overhead, and maintenance costs.

HOW THE CAPITAL IMPROVEMENT PLAN IS ORGANIZED

The Capital Improvement Plan projects and equipment are categorized in the following manner:

- Facility Improvements
- Roadway Improvements
- Stormwater Pipe Improvements
- Parks and Trails Improvements
- Future Improvements
- Equipment

Each of these categories is separately identified in the CIP and includes expenditures or estimated cost by project or equipment type.

Facility Improvements

Facility Improvements vary in scale and type and are necessary to maintain operations, expand capacity or efficiencies, or to increase the life of the facility. These projects can also provide opportunities to improve access so that programs and services are more easily available.

Roadway Improvements

Roadway Improvements include construction of new streets, reconstruction of existing streets and provisions for the widening or improvement of existing thoroughfares including the acquisition of ROW, traffic signals, and other related traffic capacity and safety needs.

Stormwater Pipe Improvements

Improvements or capital repairs to the City's stormwater pipe system.

Parks and Trails Improvements

Improvements relative to parks and trails include the implementation of various park plans and trails, and the upgrading and construction of additional improvements.

Future Improvements

The Future Improvements section includes any improvements that are currently not funded, and some of which may be contingent on the growth of the City and the demands on the current infrastructure.

Equipment

Equipment used for City operations that are not permanently attached to real property.

HOW TO READ THE PROJECT DETAIL SHEETS

Each Project Detail Sheet outlines enough basic project information to help a reader understand the scope and cost of the project. Following is an explanation of what the CIP project detail sheets contain and how to read them.

The **Project Name** is the name that has been assigned to the project.

A **Project #** is assigned upon approval of a project and is provided where applicable.

If a project is **New**, or has been designated as **Ongoing**, it will be labeled at the top of the page.

The **Project Category** designates which of the following categories the project falls under, and is also noted at the top of the page.

The **Location** describes the approximate site(s) within the City where the project will take place.

The responsible **Project Manager** is provided by each department.

The estimated **Start** and **Completion Dates** are provided by each department.

The requesting department provides a brief project **Description / Justification** which describes the basic scope and need for the project.

The **Schedule by Cost Element** represents both actual expenditures incurred to date and projected expenditures by the categories as defined below. Please note that projects are not required to include expenditures in all categories.

- **Land / ROW** - Includes property acquisition, right-of-way and related acquisition services.
- **Planning / Design** - Includes concept and schematic design, feasibility analysis, scheduling, and specification preparation.
- **Construction** - Includes bid administration and the award of contract and construction.
- **Misc.** - Additional expenses such as environmental studies, etc.
- **Contingency 15%** - A project contingency is provided for most projects due to the uncertain nature of construction costs.

The **Schedule by Funding Source** identifies the source(s) which have been identified to fund the project. Final funding sources will be determined by 1) the amount of funds available and 2) by the project's priority.

Facility Improvement
City Hall Office Space Study and Remodel

Project Name	Project #
City Hall Office Space Study and Remodel	45421

Location
City Hall - 3970 Rocklin Road

Description / Justification
Evaluate and remodel the current space and departmental needs of the City Hall. This effort will improve efficiencies, enhance security for confidential matters and materials, and realign space for specific departmental needs.

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Facility Improvement
Fire Station 24 Security

Project Name	Project #
Fire Station 24 Security	45451

Location
Fire Station 24 (#2) - 3401 Crest Drive

Description / Justification
Fire Station 24 is located at 3401 Crest Drive near the busy intersection of Crest Drive and Whitney Drive. The Fire Station is an essential critical facility which houses a Battalion Chief, truck company, and multiple response vehicles. Due to its location in the center of the City, Fire Station 24 has been identified as the Department Operation Center (DOC) for local disasters. The facility is equipped with a backup generator and has the necessary infrastructure and equipment to host the DOC. This request is to provide fencing and drive-thru gate access while providing security for critical infrastructure and facilities. Approximately 205' of fence line and gates will be required to secure this facility.

Facility Improvement
Fire Station 25 Privacy

Project Name	Project #
Fire Station 25 Privacy	41016

Location
Fire Station 25 (#3) - 2001 Wildcat Blvd.

Description / Justification
Fire Station 25 houses one Type I Engine and one Type III Engine. The facility has living space for four personnel including one Fire Captain, one Fire Engineer, and two Firefighters. Living quarters for the personnel were constructed as a dorm style, but have been modified with curtains to improve privacy. The Fire Department is requesting a more permanent solution to improve employee privacy by modifying the existing facility to create individual rooms. This modification shall also include the designated Fire Captain's dorm. This room has been appropriately repurposed, yet the dorm experiences extreme weather conditions during the summer months. Modifying this dorm will require replacing a door with a wall and ensuring the area is properly ventilated.

Facility Improvement
Fire Station 25 Security

Project Name	Project #
Fire Station 25 Security	41017

Location
Fire Station 25 (#3) - 2001 Wildcat Blvd.

Description / Justification
The Fire Department is looking to improve critical facility safety and security due to the influx of new residential communities, commercial facilities, impacts from Highway 65, and the planned development of a medical campus. This improved security will ensure access to restricted areas of the facility is maintained while allowing community access to the front of the building. To achieve this, the Department requests an electronic gate be installed that restricts access to the rear of the facility.

Facility Improvement
Police Department HVAC and Roof Replacement

Project Name	Project #
Police Department HVAC and Roof Replacement	45461

Location
Police Department - 4080 Rocklin Road

Description / Justification
The Facilities' Reserve Study shows replacement of the Police Station HVAC units in FY 2023/24. There have been some premature failures of the single-ply roofing and some major repairs have been made to prevent leaks. The roofing needs to be replaced before any catastrophic failures occur. In order for the roofing to be replaced, all HVAC units must be removed from the roof. Since the HVAC units are scheduled for replacement in FY 2023/24, it makes the most sense financially to replace the roof at the same time.

Roadway Improvement
Aguilar Road Improvements

Project Name	Project #
Aguilar Road Improvements	50104

Location
Aguilar Road between China Garden Road and Greenbrae Road

Description / Justification
Aguilar Road Improvements include road resurfacing, installation of curb, gutter, sidewalk, and drainage improvements. Aguilar Road is a substandard road, these enhancements will improve pedestrian and bicycle traffic. A residential development project (Rocklin Meadows) is conditioned to install a large section of frontage improvements along the west side of Aguilar Road. This project would continue those improvements up to China Garden Road.

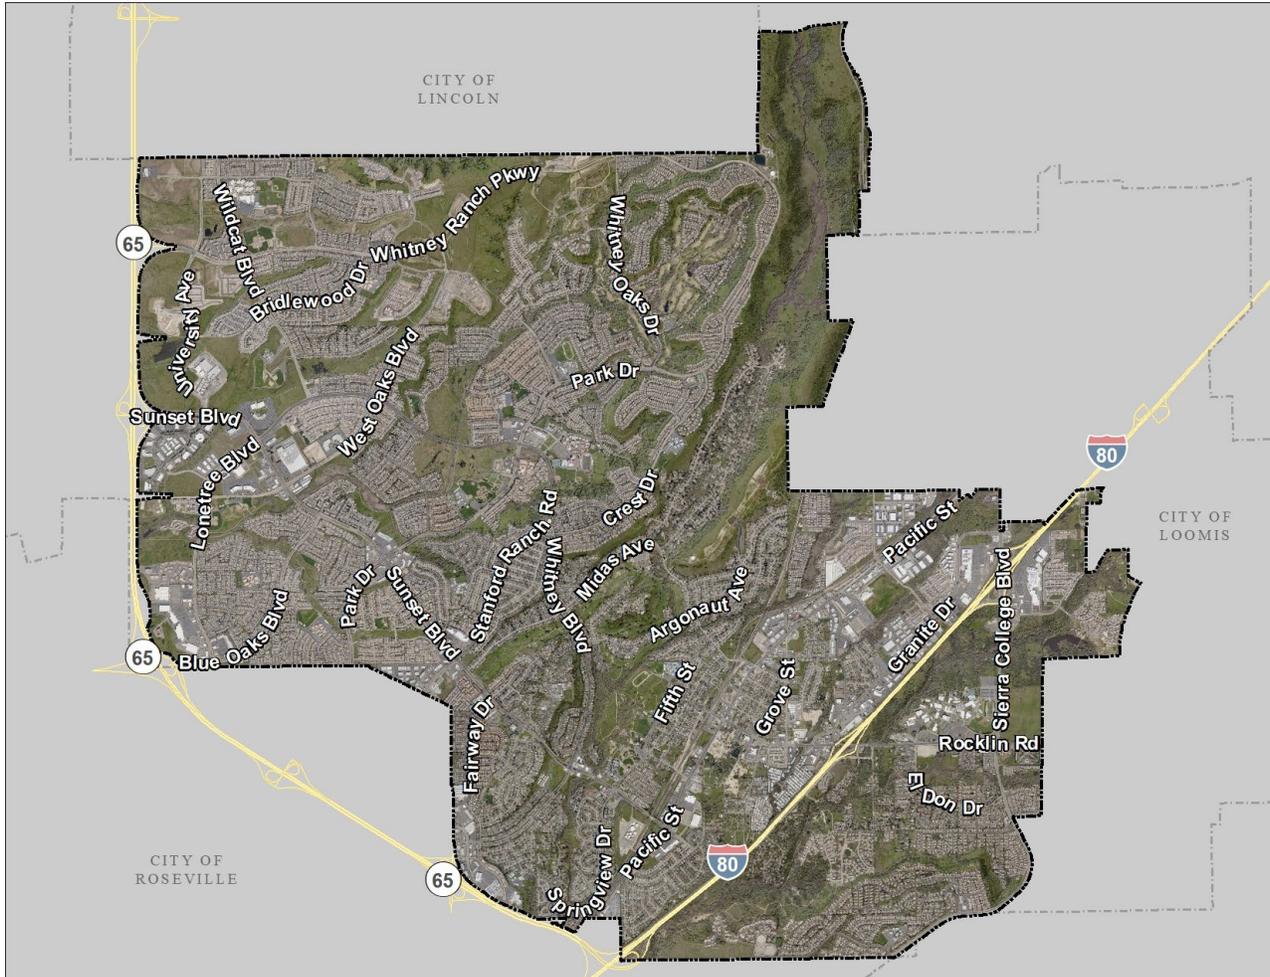

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Roadway Improvement Annual Road Maintenance Program

Project Name	Project #
Annual Road Maintenance Program	50007

Location
Citywide

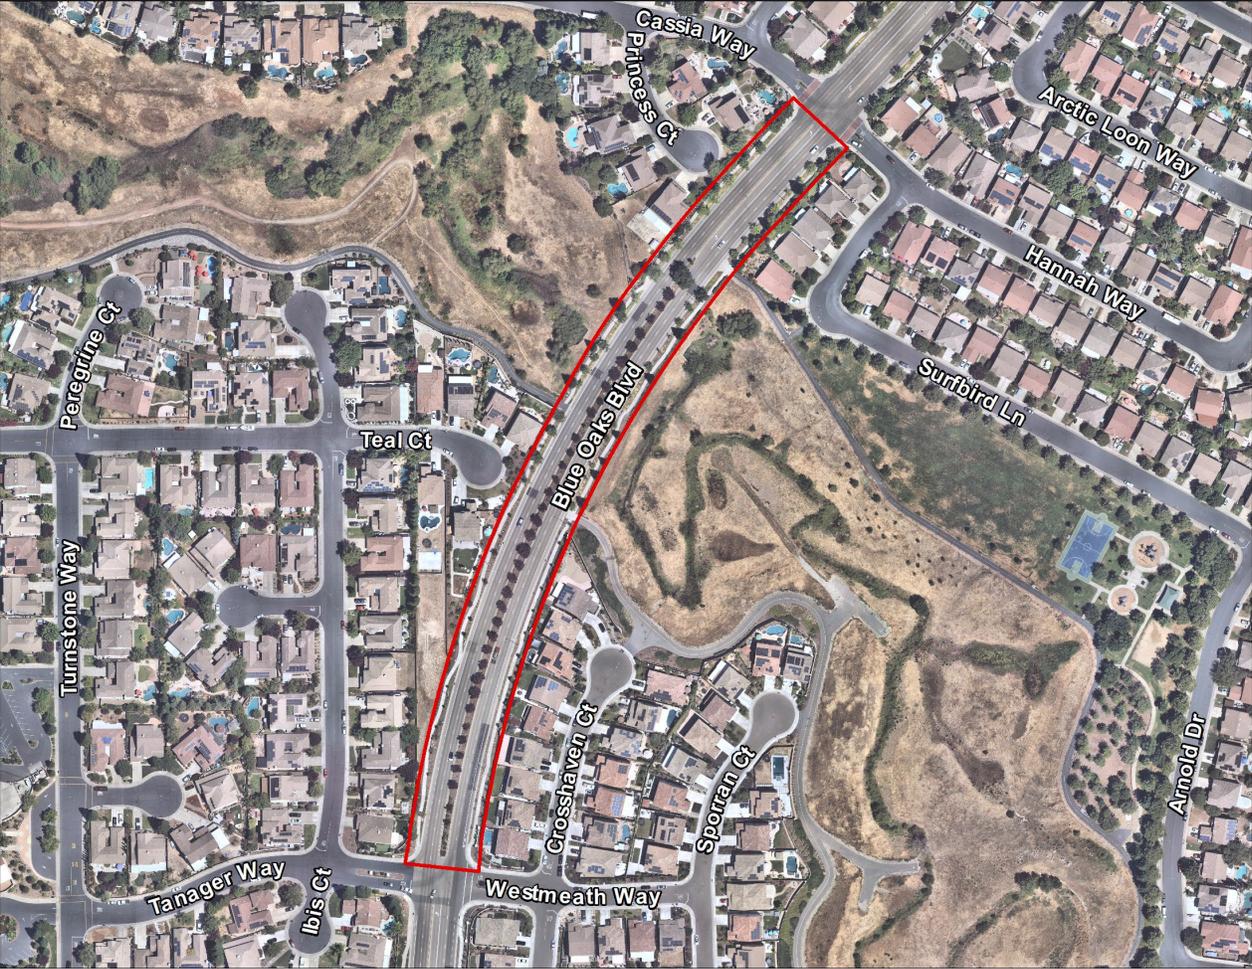

Description / Justification
This is a yearly cost for road maintenance throughout the City to extend the original construction life of road pavement; thereby saving the City major paving costs. City roads are prioritized according to the Pavement Condition Index.

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Roadway Improvement
Blue Oaks Pedestrian Crossing

Project Name	Project #
Blue Oaks Pedestrian Crossing	50177

Location
Along Blue Oaks Blvd. between Cassia Way and Tanager Way

Description / Justification
The installation of a pedestrian hybrid beacon system to connect both sides of the bike trail system along Blue Oaks Blvd. This location is such that the public crosses directly over the landscape median versus going to the nearest marked crosswalks, which are over 1,500 ft away in either direction. It will also create trail connectivity in addition to a safe crossing point.

Roadway Improvement

Citywide Roadway Resurfacing

Project Name	Project #
Citywide Roadway Resurfacing	50004

Location
Segments of Sunset Blvd., Park Drive, Blue Oaks Drive, Pacific Street, Rocklin Road, and Sierra College Blvd.

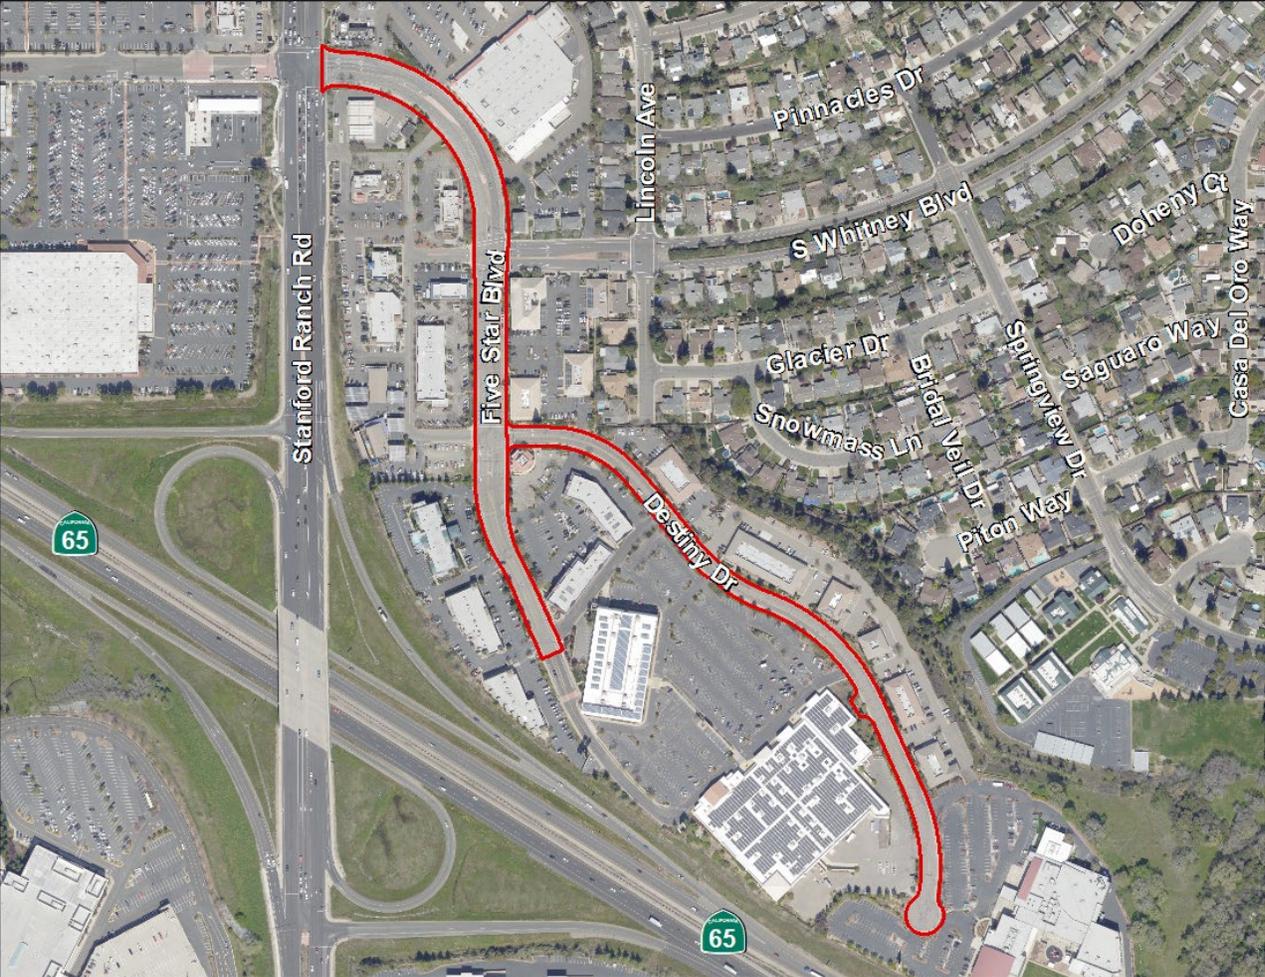

Description / Justification
Micropave roadway segments. Asphalt dig outs and ADA improvements have been completed in preparation for the resurfacing of these arterial roadways. New striping will incorporate aspects of the City Council-approved Local Roadway Safety Plan such as green bike lanes near identified paths of travel to schools, parks and commercial centers.

Roadway Improvement
Granite Drive Median

Project Name	Project #
Granite Drive Median	50012

Location
Granite Drive from Dominguez Road to Sierra College Blvd. (4000 feet)

Description / Justification
Construct and landscape a median that includes double arched light poles to promote traffic safety by limiting the movements to businesses and housing along Granite Drive. The lighting scheme and landscaping design will enhance the aesthetics of the Granite Drive corridor.

Roadway Improvement Pavement Rehabilitation

Project Name	Project #
Pavement Rehabilitation	50005

Location
Citywide

Description / Justification
Degraded asphalt to be removed and replaced, and other road rehabilitation techniques, on arterials and collectors in order to preserve the roadways and prevent more costly repairs and rehabilitation in the coming years. Construction is currently scheduled for FY2023/24 and FY2024/25. However, if the FY2024/25 funding becomes available sooner, construction could be completed in FY2023/24.

Roadway Improvement

Placer County Water Agency Roadway Improvements

Project Name	Project #
Placer County Water Agency Roadway Improvements	50174

Location
Various segments on Midas Avenue

Description / Justification
Placer County Water Agency (PCWA) will be replacing pipeline on segments of Midas Avenue. In cooperation with the City, PCWA will expand the scope of pavement restoration to include the full width of the roadway. The City will reimburse PCWA for needed asphalt dig outs throughout the project area and will also reimburse for non-project related pavement costs (bike lane areas).

Roadway Improvement

Rocklin Road / Sierra College Corridor Multimodal Enhancements

Project Name	Project #
Rocklin Road / Sierra College Corridor Multimodal Enhancements	50162

Location
Eastbound and Westbound on/off ramps at the I-80 and Rocklin Road Interchange

Description / Justification
Improve pedestrian and multimodal facilities within the Rocklin Road / I-80 Interchange corridor to promote connectivity between Sierra College and the surrounding communities. This project will include enhancements that provide for pedestrians and cyclists and will also address interchange inefficiencies to improve transit operations. This project is part of the Capital Improvement Program originally approved by Council on Resolution 2011-125, and each year since, as a way to fund traffic projects to address new development and growth, including Sierra College, which is an important asset to the community and region. Once the environmental studies are complete, this project may be eligible for SB1 grant funding.

Roadway Improvement

Sierra College Blvd. Widening (Schriber Way to Dominguez Road)

Project Name	Project #
Sierra College Blvd. Widening (Schriber Way to Dominguez Road)	50164

Location
Southbound Sierra College Blvd. from Schriber Way/Rocklin Station Driveway to Dominguez Road/Bass Pro Drive intersection

Description / Justification
Sierra College Blvd. widening and frontage improvements including a third southbound travel lane, bike lane, 12ft auxiliary/right turn lane, curb, gutter, and sidewalk along the Lifehouse Church property. The Rocklin Station project was conditioned to enter into a reimbursement agreement with the City to pay the full cost of frontage improvements along the Lifehouse Church property. The City would construct the improvements and charge the Rocklin Station developer 50% of the cost. The Lifehouse Church owners would dedicate the additional right of way and pay the remaining 50% of the construction cost. The City will pay for the design.

Capital Improvement Plan

Future Improvement Projects

Future Facility Improvement
City Hall HVAC Refurbishment

Project Name	Project #
City Hall HVAC Refurbishment	TBD

Location
City Hall - 3970 Rocklin Road

Description / Justification
The repair of the HVAC ducting and controls in the City Hall building was recognized as a necessary project and included in the recent City Hall Refurbishment Project as a bid alternate, unfortunately the funding was not available to complete the work. The HVAC ducting and controls in City Hall are old and because the building has had so many interior renovations over the years the system does not balance. One office space can be extremely cold while another office space on the opposite side of the building on the same floor can be extremely hot. Many staff members use space heaters in the winter which uses excessive electricity and has tripped the breaker in the past

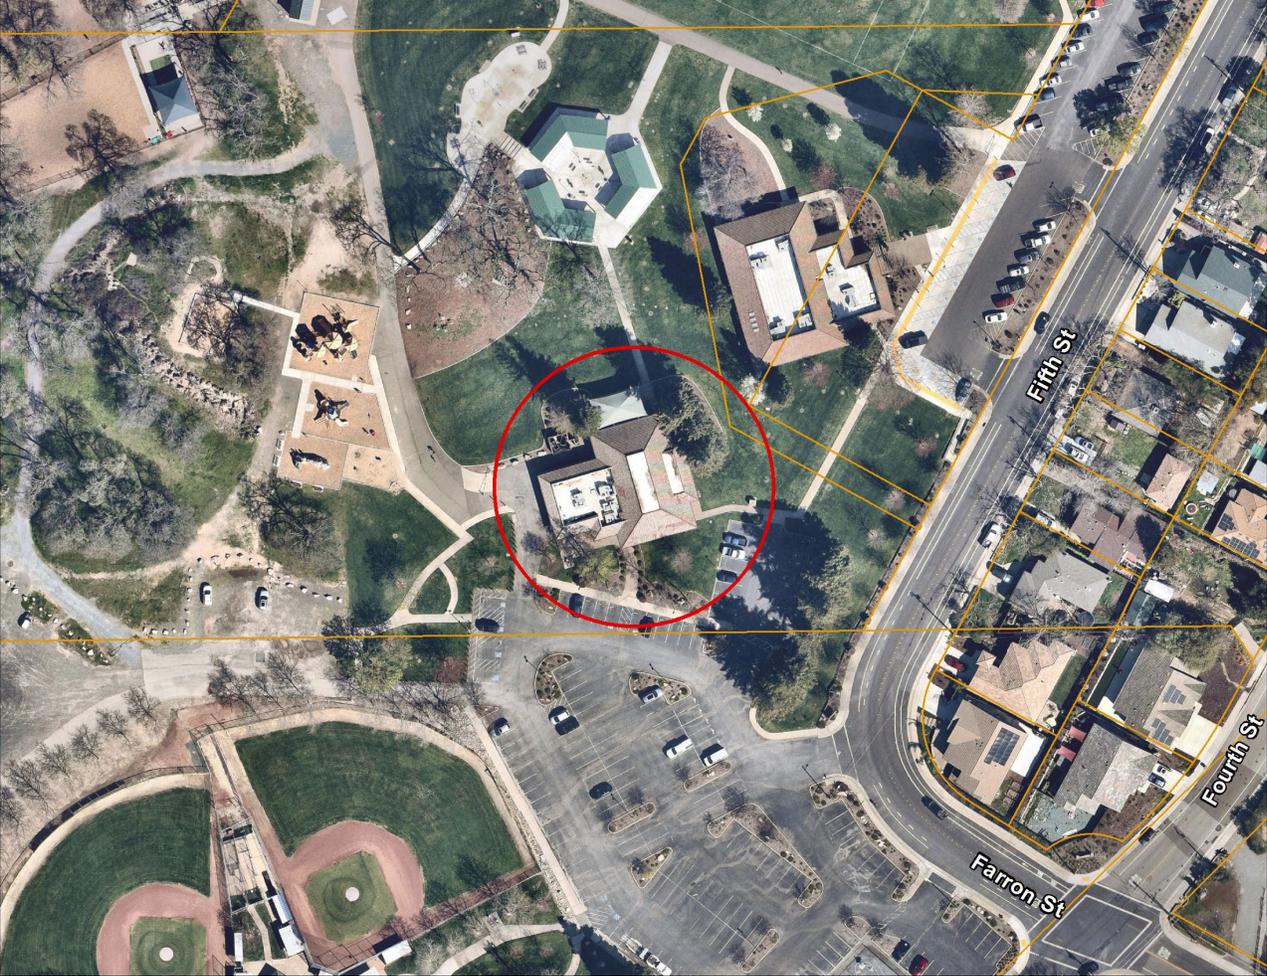

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Future Roadway Improvement
Farron Street Railroad Crossing Pedestrian Improvement

Project Name	Project #
Farron Street Railroad Crossing Pedestrian Improvement	TBD

Location
Farron Street Railroad Crossing

Description / Justification
Improve pedestrian access by installing concrete panels along the railroad tracks to provide a path of travel around the crossing arms. The ADA transition plan was completed in 2019, and identified this barrier. This project is a direct opportunity to improve pedestrian mobility, especially for those with disabilities. Redevelopment of the old Kmart will increase pedestrian volumes to and from Johnson Springview Park, and Farron Street's railroad crossing is a direct barrier, on both sides of the street.

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Future Parks and Trails Improvement
Kathy Lund Community Park Picnic Pavilion

Project Name	Project #
Kathy Lund Community Park Picnic Pavilion	TBD

Location
Kathy Lund Community Park

Description / Justification
Purchase and install one prefabricated Picnic Pavilion Structure at Kathy Lund Park. Provide structure similar to Johnson Springview Park to expand current rental operations at the park. The facility would replace existing small shade structures and allow the City to program and rent out the space. Revenue generated from future rentals to offset initial cost of purchase and install over the life of the structure. Provide residents with new amenity and future enjoyment of playground and splash pad areas.

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Future Facility Improvement
Public Safety Training Center

Project Name	Project #
Public Safety Training Center	TBD

Location
Corporation Yard - 4081 Alvis Court

Description / Justification
<p>Neither the City nor the Fire Department has a dedicated public safety training facility. Fire training is currently conducted in small shipping containers in the rear of fire station #24, vacant parking lots, unoccupied buildings, and at training centers located in the cities of Roseville and Grass Valley. A public safety training center within the city will allow fire companies to remain local and continue to respond to emergencies as needed. The training center would also benefit the Rocklin Police Department as they train to conduct search operations, provide forcible entry training, canine training, and other law enforcement activities. Additionally, training on City property will reduce liabilities that are common when training on private property.</p> <p>This project was previously known as "Fire Training Tower".</p>

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Future Roadway Improvement
Railroad Avenue North West Extension

Project Name	Project #
Railroad Avenue North West Extension	TBD

Location
Railroad Avenue - City property adjacent to railroad tracks

Description / Justification
This project will provide a roadway connection and additional parking to support public transit and Quarry District development in the area. This land can only be used for parking and the construction of a roadway, per the purchase agreement with Union Pacific Railroad.

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Future Roadway Improvement
Sunset Blvd. Sidewalk

Project Name	Project #
Sunset Blvd. Sidewalk	TBD

Location
Southerly side of Sunset Blvd.

Description / Justification
Construct sidewalk, curb, and gutter along Sunset Blvd. from Coronado Way, 600 feet toward South Whitney Blvd. The Developer is installing sidewalk, curb, and gutter along the development on Sunset Blvd., resulting in a gap left between their property line and Coronado Way. This project will fill in the gap between the existing sidewalk and the proposed development and create a continuous path.

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Future Parks and Trails Improvement
Sunset Park Trail Phase A

Future Parks and Trails Improvement

Project Name	Project #
Sunset Park Trail Phase A	TBD

Location
Sunset Park Trail Phase A

Description / Justification
A shared use path and use of existing utility easement would be part of the larger Sunset Park Trail system which is presented in three phases. Phase A would begin at the Stanford Ranch Road utility easement and travel west terminating at Farrier Road. This project is part of the Strategic Plan of maintaining and enhancing Rocklin's physical environment and one of the top priorities identified by the Trails Strategy & Action Plan as well as the Parks & Recreation Commission. Funding may be offset by possible South Placer Municipal Utility District.

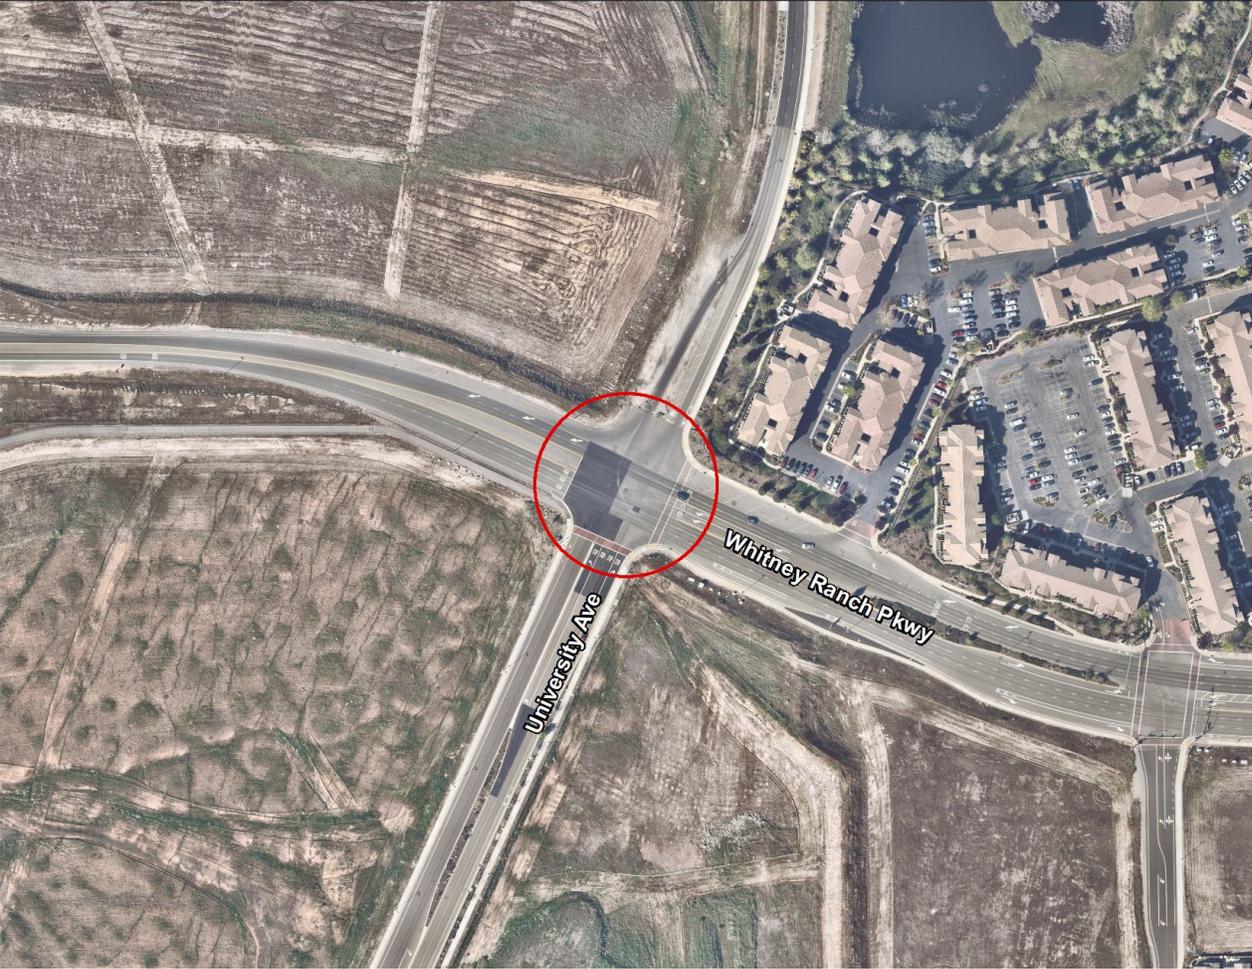

Schedule by Cost Element	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total

Equipment

Summary by Funding Source

Schedule by Funding Source	Actual Thru FY 2021/22	FY 2022/23 As of 2/2023	FY 2023/24	FY 2024/25	FY 2025/26	FY 2026/27	FY 2027/28	Total
100 - General Fund	-	275,000	275,000	-	-	-	-	550,000
	-	-	-	-	-	-	-	-
	-	-	-	-	-	-	-	-
	-	-	-	-	-	-	-	-
	-	-	-	-	-	-	-	-
Total	\$ -	\$ 275,000	\$ 275,000	\$ -	\$ -	\$ -	\$ -	\$ 550,000

Fleet Asset or Equipment Type	Department Requesting or Assigned To
Fire Station Alerting	Fire

Justification

The current alerting system does not meet the current or projected needs of the Fire Department. Several failures have occurred leading to fire personnel being alerted late or in some cases not at all. Replacing the current system will enhance dispatching of firefighters, reduce turnout and response times, and provide sustainable technology that is supportive of a regional communications center.

Purpose and Use	Cost Breakdown
-----------------	----------------

- New Equipment or Fleet Request
- Fleet Replacement

- Replace Obsolete or Outdated Equipment
- Reduce Staff Time / Increase Efficiency
- Expand Service or New Operation
- Meet Required Regulations / Safety Standards

GLOSSARY

Account Number

Numeric identification of the account. The City's account number structure is comprised of three fields of characters. The first field is three characters wide and identifies the various unique funds within the accounting system. The next field contains three characters and identifies the division within the City. The final field contains four characters and identifies the object code of the account number. The same object code may be used in many divisions. The combination of the three fields provides for a unique number for the transaction.

Accrual Basis

A basis of accounting in which transactions are recognized at the time they are incurred, as opposed to when cash is received or spent.

Americans with Disabilities Act of 1990 (ADA)

A federal law providing for a wide range of protection to individuals with disabilities ranging from prohibitions against discrimination in employment to specific requirements for modifications of public facilities and transportation systems.

Appropriation

An authorization granted by the City Council to make expenditures and to incur obligations for specific purposes.

Assessment District

A separate local government agency formed to provide specific services. Property owners within the assessment district boundary pay the district in proportion to the benefits or services they receive.

Bond

A municipal bond is a written promise from a local government to repay a sum of money on a specific date at a specified interest rate. Bonds are most frequently used to finance capital improvement projects such as buildings, streets and bridges.

Budget

An annual financial plan consisting of proposed and approved expenditures for specified purposes and the proposed means for financing them.

Budget Amendments

The Council has the sole responsibility for adopting the City's budget, and may amend or supplement the budget at any time after adoption by majority vote. The City Manager has the authority to approve line item budgetary transfers between expenditure objects of the budget as long as it is in the same fund and within the same division.

GLOSSARY

Capital Assets

Capital assets include land, improvements to land, buildings, building improvements, vehicles, equipment, and infrastructure with an initial, individual cost of \$10,000 (\$5,000 if grant funded) or more, \$100,000 for infrastructure and an estimated life in excess of one year.

Capital Improvement Plan (CIP)

A plan used to determine the capital improvement priorities, provide for the budget of current year projects, and provide for the forecasting and anticipation of future year expenditures.

Capital Project

Major construction, acquisition, or renovation activities that add value to a government's physical assets or significantly increases the useful life.

Community Facilities District (CFD)

The Mello-Roos Act (1982) allows any county, city, special district, school district, or joint powers authority to establish a CFD that allows for financing of public improvements (e.g., sewers, streets) and services. To establish a CFD, voters within the district must approve its creation by two-thirds.

Contingency

An appropriation of funds to cover unforeseen events.

Construction Engineering

Engineering work during the construction process. This ensures that projects are constructed in accordance with design parameters and specifications.

Debt Service

The costs of paying the principal and interest on borrowed money according to a predetermined payment schedule.

Debt Service Funds

Debt service funds are used to account for the payment of principal and interest on City debt and debt related entities.

Design Engineering

The process of identifying project options, developing a project scope, conducting feasibility analyses, and creating plans, specifications, and estimates for a capital improvement.

Depreciation

The process of allocating the cost of a capital asset to the periods during which the asset is used.

GLOSSARY

Detail Project Sheet

A summary page for a single project or program that details the project objective and proposed budget.

Development Impact Fee

Development impact fees are charged against development to mitigate the impact of new development on existing facilities. Operating and maintenance costs cannot be recovered through development impact fees.

Encumbrance

The commitment of appropriated funds to purchase goods or services. An encumbrance is not an expenditure. An encumbrance reserves funds to be expended.

Fiscal Year

The 12-month period for recording financial transactions specified by the City as beginning July 1st and ending June 30th.

Fund Balance

The total dollars remaining after current expenditures for operations and capital improvements are subtracted from the sum of the beginning fund balance and current resources.

General Plan

The City's controlling policy document for the physical development of the City. Under state law all capital improvement projects must be consistent with the City's General Plan

Generally Accepted Accounting Principles (GAAP)

GAAP are the standard framework of guidelines for financial accounting as defined by the Governmental Accounting Standards Board (GASB) for state and local governments in the U.S.

Grant

Program revenues provided by external agencies, which support a specific purpose, and have a time limit for use. Grants may be classified as either operational or capital, depending on the grantor.

Infrastructure

The physical assets of the City, such as streets, roadways, public buildings and parks, and the support structures within a development.

GLOSSARY

Landscaping and Lighting (L & L) Act of 1972

The 1972 Act lets cities, counties, and special districts levy assessments for land purchase and construction, operation and maintenance of parks, landscaping, lighting, traffic signals, and graffiti abatement.

Ordinance

A formal legislative enactment by the governing board of a municipality. If it is not in conflict with any higher form of law, it has the full force and effect of law within the boundaries of the municipality to which it applies.

Prior Year

The fiscal year preceding the current year.

Project Costs

An estimate of the resources required to complete the capital project as described on the project detail sheet. Many of the project costs shown in the CIP are preliminary in nature since no significant engineering or environmental evaluation has been done which would allow for more specific estimates to be produced.

Projection

Estimate of future performance made by economists, corporate planners and credit and securities analysts, typically using historic trends and other assumed input.

Resolution

In general, expression of desire or intent. Legal order by a government entity.

Right-of-Way

A public designation for space needed to accommodate streets, public utilities and other public facilities.

Special District

A designated geographic area established to provide a specialized service (e.g., Landscape Maintenance District).

GUIDE TO FUNDS

The City uses funds to report on its financial position and the results of its operations. Fund accounting is designed to demonstrate legal compliance, and to aid financial management, by segregating transactions related to certain City functions or activities.

A fund is an accounting entity with a self-balancing set of accounts established to record the financial position and results of operations of a specific governmental activity.

The City maintains the following fund types:

Governmental Fund Types

- **General Fund**
The primary operating fund of the City and accounts for all financial resources, except those required to be accounted for in another fund.
- **Special Revenue Funds**
Account for the proceeds of specific revenue sources (other than special assessments, expendable trusts or capital projects) that are restricted by law or administrative action to expenditures for specified purposes.
- **Capital Project Funds**
Account for financial resources segregated for the acquisition of major capital projects or facilities (other than those financed by proprietary fund types).
- **Debt Service Funds**
Account for the accumulation of resources for and payment of, interest and principal on general long-term debt and related costs.
- **Permanent Funds**
Account for and report resources that are restricted to the extent that only earnings, and not principal, may be used for purposes that support City programs for the benefit of the City and its citizens.

Proprietary Fund Types

- **Internal Service Funds**
Account for the financing of goods or services provided by one department or agency to other departments or agencies of the City or to other governmental units on a cost-reimbursement basis.

Fiduciary Fund Types

- **Agency Funds**
Account for assets held by the City as trustee or agent for individuals, private organizations, other governmental units and/or other funds. These funds are custodial in nature and do not involve measurement of results of operations.

This page is intentionally left blank.

DESCRIPTION OF FUNDS

General Funds

100 - General Fund

The primary operating fund of the City. It is used to account for all activities except those legally or administratively required to be accounted for in other funds.

111 - General Fund Quarry Park Amphitheater Events

This is a general fund type fund that accounts for the special event activities hosted by the Parks and Recreation Department at the Quarry Park Amphitheater.

115 - General Fund Quarry Park Adventure Shortfall

This is a general fund type fund that accounts for a set aside for Quarry Park Adventures operating shortfalls, to be used as needed for deficits, up to the amount specified in the contract with the park operator.

120 - General Fund Streets Maintenance Reserve

This is a general fund type fund. These committed funds are set aside to be used for the maintenance of streets and roads.

122 - General Fund Economic Development

This is a general fund type fund that accounts for committed funds previously set aside to be used for economic development activities.

130 - Technology Fees

This fund accounts for fees collected to cover the cost of e-commerce and related technology systems.

151 - Retirees Health

This fund accounts for monies to fund the Retirees' Health premium payments and to fund the Retirees' Health Trust. Budget policy requires 5% of any annual General Fund unreserved surplus to be transferred to the Retirees' Health fund.

727 - Boroski Landfill Monitoring

This fund accounts for costs to monitor the Boroski Landfill.

737 - Americans with Disabilities Act (ADA)

The ADA is a civil rights law that prohibits discrimination against individuals with disabilities in all areas of public life, including all public and private places that are open to the general public. This fund accounts for monies used for services and improvements to facilities for individuals with disabilities.

DESCRIPTION OF FUNDS

Special Revenue Funds

201 - Motor Vehicle Fuel Tax (Gas Tax)

This fund accounts for monies received from the State of California under various State statutes. The allocations must be spent for street transportation related purposes.

205 - SB1 Road Maintenance and Rehab Allocation

This fund accounts for monies designated by the Road Repair and Accountability Act of 2017 (SB1) to be used for maintenance, rehabilitation and safety improvements of streets and highways.

210 - SB325 Sales Tax

This fund accounts for the remaining sales tax revenue collected in accordance with Senate Bill 325 (Local Transportation Fund) to be used for maintenance of streets.

211 - SB325 Transit Funds

This fund accounts for monies from the SB 325 (Local Transportation Fund) and State Transit Assistance funds for the transit needs of local government.

212 - Bicycle and Pedestrian

This fund accounts for SB 325 (Local Transportation Fund) amounts designated for Bicycle and Pedestrian transit needs of local government.

219 - LCTP

This fund accounts for monies from the state-funded Low Carbon Transportation Program to reduce greenhouse gas emissions and improve mobility.

221 - Recreation Facilities Contribution

This fund accounts for facilities construction and improvements.

230 - Lighting Maintenance District 1

This fund accounts for special assessment monies used for lighting of public areas.

231 - Community Facilities District 1

This fund accounts for special tax monies used for fire protection, fire suppression, and paramedic services.

232 - Community Facilities District 5

This fund accounts for special tax monies used for streets and parkway lights, streetscapes, open space and parks.

DESCRIPTION OF FUNDS

233 - Community Facilities District 6

This fund accounts for special tax monies used for operation and maintenance of open space and storm drainage facilities.

235 - Landscaping and Lighting Maintenance District 2

This fund accounts for special assessment monies used for landscaping and lighting of public areas.

236 - Park Development and Maintenance Tax

This fund accounts for special tax monies used for maintenance, development, repair and operation of parks.

240 - Streets Grants Fund

This fund accounts for various grants related to street capital projects.

242 - Asset Forfeiture (State)

This fund accounts for funds received by the Police Department from the State. 15% of these funds must be set aside to combat drug abuse and divert gang activity. Funds remaining after the 15% set aside are to be used to support law enforcement efforts.

243 – Asset Forfeiture (Federal)

This fund accounts for funds received by the Police Department from the Federal Government to share assets forfeited in cases worked on with joint efforts. Funds are to be used to support law enforcement efforts.

244 - Traffic Safety/PD Grants

This fund accounts for monies received for traffic safety programs and police grants.

248 - CASP Certification and Training

This fund accounts for SB 1186 monies collected for staff training for construction related state accessibility requirements.

251 - CDBG Housing Rehabilitation

This fund accounts for State Community Development Block Grant funds received for the City's housing rehabilitation program.

253 - CDBG 2000 (Oak Court)

This fund accounts for State Community Development Block Grant funds received for the City's down payment assistance program for purchasers of Oak Court residences.

DESCRIPTION OF FUNDS

254 - CDBG First Time Home Buyers

This fund accounts for State Community Development Block Grant funds received for the City's down payment assistance program for first time home buyers.

257 - CDBG Housing and Urban Development Entitlement

This fund accounts for funds received from Federal Community Development Block Grant entitlement grant awards to be used for Public Services, Housing and Capital, Planning and Administration of Grant.

258 - CDBG HUD Coronavirus

This fund accounts for funds received from the Federal Coronavirus Aid, Relief, and Economic Security Act (CARES Act) through the Dept. of Housing & Urban Development to be used to prevent, prepare for, and respond to COVID-19.

259 - DOF Treasury Coronavirus (New)

This fund accounts for funds received from the CARES Act through the Dept. of Finance to be used to prevent, prepare for, and respond to COVID-19.

266 - American Rescue Plan Act (ARPA)

This fund accounts for funds received through the Federal American Rescue Plan Act.

270 - Low- and Moderate-Income Housing Asset

This fund accounts for the administration and operation of the City's low- and moderate-income housing program of the former Rocklin Redevelopment Agency transferred to the City of Rocklin as the Housing Successor.

275 – Grant & Other Reimbursables

This fund accounts for reimbursable costs for grants or other reimbursement agreements.

736 - Supplemental Law Enforcement Grant

This fund accounts for state funds received to be used for public safety purposes.

Capital Project Funds

300 - Park Development Fees

This fund accounts for fees to be used for the development, installation, servicing, maintenance, repair and operation of parks and related recreation and facilities.

DESCRIPTION OF FUNDS

301 - Community Park Fees

This fund accounts for impact fees used for community parks and city-wide recreational facility construction and improvements to reduce the impacts caused by new development within the City.

302 - Traffic Circulation Impact Fees

This fund accounts for impact fees used to finance street construction and improvements to reduce the impacts caused by new development within the City.

304 - Capital Construction Tax

This fund accounts for taxes imposed on Development to be used for development of public facilities and acquisition of fire equipment and is the funding source to pay the debt payments in Fund 400 Capital Construction Debt Service.

305 - Oak Tree Mitigation Fees

This fund accounts for fees used to help mitigate the decline of oak woodlands due to urbanization.

306 - Whitney Ranch Trunk Sewer Project

This fund accounts for impact fees used to fund the Whitney Ranch Trunk Sewer Project.

307 - NW Rocklin Community Park Fees

This fund accounts for impact fees used to fund the North West Rocklin Community Park.

308 - Public Facilities Impact Fees

This fund accounts for impact fees used to fund expansion of public facilities to serve new development within the City.

311 - Rocklin Public Financing Authority

This fund accounts for debt funded capital construction projects.

325 - Whitney Ranch Interchange Fees

This fund accounts for impact fees used to develop the Whitney Ranch/Highway 65 Interchange.

Debt Service Fund

400 - Capital Construction Debt Service

This fund accounts for the principal and interest payments on capital construction debt such as Lease Revenue Bonds.

DESCRIPTION OF FUNDS

Permanent Funds

728 - Wetlands Maintenance

This fund accounts for an endowment from which the income will fund ongoing maintenance of wetlands on a single lot parcel in Stanford Ranch Phase III.

729 - Conservation Easement Endowment

This fund accounts for an endowment from which the income will fund initial preserve area maintenance and operations in Sunset Ranchos Phase I.

Internal Service Funds

500 - Fleet Management

An internal service fund used to account for the cost of maintenance of all City vehicles and a reserve to offset future replacement costs.

525 - Risk Management

An internal service fund to account for and finance the risk management functions for the City. This includes general liability, workers compensation, property damage, dental, vision, and other insurance expenditures and also holds reserves for Self-Insured Losses and Disaster Contingency.

Fiduciary Fund

739 - Public Arts Trust Fund

This fund accounts for donations and expenditures for public arts projects.

RESOLUTION NO. 2011-125

RESOLUTION OF THE CITY COUNCIL OF THE CITY OF ROCKLIN
AMENDING THE CITYWIDE TRAFFIC IMPACT FEE
BASED ON DECREASED CONSTRUCTION COST
AND REDUCED CAPITAL PROJECTS LIST
FOR ALL DEVELOPMENT WITHIN THE CITY OF ROCKLIN
AMENDING RESOLUTION NO. 2007-126

The City Council of the City of Rocklin does resolve as follows:

Section 1. The City Council of the City of Rocklin finds as follows:

A. Consistent with the Rocklin General Plan, new development in the City of Rocklin will occur, generating additional traffic throughout the City and contributing to the degradation of traffic levels of service. Street improvements necessary to maintain acceptable levels of service are identified in the Circulation Element of the General Plan, along with various methods of financing these improvements. One of these methods is the traffic impact fee, authorized by Article IV of Chapter 3.16 of the Rocklin Municipal Code.

B. Section 3.16.210 requires the City Council, on an annual basis to review the traffic impact fee to determine whether the fee amounts are reasonably related to the impacts of development and whether the described street improvements are still needed.

C. To carry out this responsibility, the City Council caused the preparation of a study of roadway improvement needs, improvement costs, and a traffic impact fee determination. This study sets forth the relationship between new development, the needed street improvements, and the estimated costs of these improvements. The study, entitled "City of Rocklin Traffic Impact Fees and Capital Improvement Program" (the "Fee Report"), dated July 12, 2004, was prepared by staff and DKS Associates, and is on file with the City of Rocklin.

D. The purpose of the traffic impact fee is to finance street improvements to reduce the impacts caused by new development within the City. Impact fees collected pursuant to this resolution shall be used to finance only the street improvements described or identified within the Fee Report.

E. The citywide Traffic Impact Fee and Capital Improvement Program Report (the "Fee Report") was most recently updated by DKS Associates and City staff by report dated May 23, 2007, approved by Resolution No. 2007-126. This update amended the language of Section 6 of the Fee Report and replaced Tables 3, 4 and 5 of the Fee Report with update tables showing citywide needs for traffic related capital improvements.

F. Resolution 2007-126 calls for the City Manager, on or about July of each year, to review the estimated cost of the described street improvements, the continued need for those improvements, and the reasonable relationship between such need and the impacts of the various types of development pending or anticipated and for which the fee is charged. If the relationship between the need and the impacts of the various types of development pending or anticipated still exists, the City Manager shall recommend to the City Council that the fees be automatically adjusted annually based on the Caltrans Price Index for Selected California Construction Items as published on the Caltrans website.

G. The City Council finds that the traffic impact fees are for the acquisition of right-of-way and installation of improvements for which an account has been established and funds appropriated, and that the City has adopted a proposed improvement schedule, included in the Fee Report.

H. The facts and evidence presented establish that there is a reasonable relationship between the need for the described street improvements and the impacts of development for which a fee is charged, and between the amount of the fee and the costs of the improvements for which it will be used, as these reasonable relationships are described in more detail in the Fee Report.

Section 2. Tables 3, 4, and 5 of the Fee Report, as most recently updated in 2007, are replaced and superseded by the new Tables 3, 4, and 5 attached to this resolution as Exhibits A, B, and C. The Citywide Traffic Impact Fee shall be adjusted downward based on new cost estimates for the projects contained in the updated Tables 3, 4, and 5.

Section 3. The Traffic Impact Fee shall be adjusted in accordance with the following table:

Land Use	Current Fee – Resolution 2007-126	Recommended Fee 13.6% Reduction
Single Family Residential (1 to 8 units/acre)	\$4,368.00/DUE	\$3,774.00/DUE
Multi-Family Residential (Over 8 units/acre)	\$2,752.00/DUE	\$2,378.00/DUE
Retail/Commercial Centers	\$6.988.00/sq.ft	\$6.038/sq.ft.
Office	\$7.643.00/ sq.ft.	\$6.604.00/sq.ft.
Industrial	\$3.931.00/sq.ft.	\$3.396.00/sq.ft.

Section 4. The fee imposed by the Resolution shall become effective on August 1, 2011 and shall apply to all building permits.

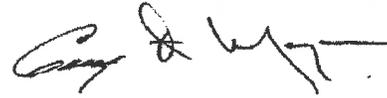

PASSED AND ADOPTED this 26th day of July, 2011, by the following vote:

AYES: Ruslin, Yuill, Hill, Storey, Magnuson

NOES: None

ABSENT: None

ABSTAIN: None

George Magnuson, Mayor

ATTEST:

Barbara Ivanusich, City Clerk
