# REQUEST FOR PROPOSALS FOR THE CITY OF ROCKLIN

## ON CALL PLANNING AND ENVIRONMENTAL REVIEW SERVICES

### 1 SECTION I – OVERVIEW OF PROCESS

#### 1.1 BACKGROUND

The City of Rocklin is seeking Proposals from consulting firms for on-call Planning and Environmental Review services. This RFP describes the consultant qualifications to be evaluated, outlines City expectations, explains the review and selection process, and lists the submittal date for the Qualifications Statements.

From time to time, the City of Rocklin Community Development Department requires temporary planning support services due to increased workloads, temporary unexpected reductions in staff, and/or expedited project review services.

Additionally, the City has development projects that require the preparation of CEQA documentation, such as Negative Declarations (NDs), Mitigated Negative Declarations (MNDs), subsequent Environmental Impact Reports (EIRs), supplemental EIRs, Addenda to EIRs or MNDs, on a case- by-case basis depending on the needs of the City, that cannot be prepared by City staff due to time constraints or the complexity of the project specific issues.

The use of consultants for specific assistance is an efficient and effective use of resources, allowing the Department to quickly access needed technical skills and address fluctuations in workload. Consequently, the City desires to obtain consultant services for a broad range of land use planning and environmental review work. Additional general planning services may include such activities as staffing a planning public counter, development project review, site inspections, writing project-related correspondence, staff reports, Conditions of Approval, Resolutions, attendance at various Planning Commission and City Council meetings, and project condition compliance activities including but not limited to review of Building Permits and Improvement Plans. Additionally, environmental review work may be concentrated primarily on coordination and preparation of CEQA-required reports and initial studies associated with proposed development projects and associated technical studies. These two components may be awarded to one or more selected respondent firms, with work divided among them, depending on qualifications.

#### 1.2 CITY OVERVIEW

The City of Rocklin is an incorporated city with a population of more than 70,000 residents, located in Placer County off of Interstate 80, approximately 22 miles northeast of Sacramento, California. The City of Rocklin is a General Law city operating under the City Council/City Manager form of government.

#### 1.3 INSTRUCTIONS

This RFP includes a description of the scope of services, proposal requirements, and instructions for submitting your proposal. Failure to follow these instructions may result in rejection of your proposal.

No oral representations or interpretations will be made to any proposer as to the meaning of this RFP.

In the event that it becomes necessary to revise any part of this RFP, written addenda will be issued. Any amendment to this RFP is valid only if it is in writing and issued by the City department issuing the RFP. No oral interpretations or answers shall bind the City unless confirmed by the City in writing.

#### 1.4 PURPOSE OF THE RFP

The purpose of this RFP is to select a firm(s) that will be a partner in supporting the City of Rocklin's Community Development Department. Specifically, the City is seeking to retain the services of experienced planning and environmental review consulting firms to enter into an Agreement for Consulting Services on an on-call basis. Firms are not required to provide both planning and environmental review services and may provide only one of those services.

#### PLANNING SERVICES

The Community Development Department on occasion requires the services of qualified planners and planning firms to assist with processing and managing planning applications and providing customer support depending on the City's staffing needs.

The City is looking for professional planning consulting firms with extensive experience providing contract staffing services for similar planning departments in Northern California. The City will select a qualified firm who will be called upon to provide relevant staffing services on an as-needed basis. An on-call contract planner may be needed at either the Assistant, Associate, and/or Senior Planner level, depending on the assignment. The selected firm will provide intermittent on-call planning staff augmentation services for a two-year contract period.

#### ENVIRONMENTAL REVIEW

The City is looking for professional planning firms who can also provide environmental review services on an on-call basis. The expected services include preparing all environmental documents and notices in the manner required by CEQA and the CEQA Guidelines, including, but not limited to: Initial Studies; Draft NDs, MNDs and EIRs; Final NDs, MNDs, and EIRs; and Notices of Preparation, Intent, and Determination.

In general, the successful individual or firm will provide on-call planning and environmental review services for all types of projects requesting entitlements, including but not limited to new residential, commercial, and industrial developments. carry out the normal functions of a professional land use and environmental planner. Greater detail about the selection process is in Section 3 of this RFP.

### 1.7 PROJECT BUDGET

The budget for this project is \$176,800. The cost proposal (section 2.1.4) will not be a determining factor in the identification of a preferred proposer. A preferred proposer will be identified based on factors that are discussed in Section 3 of this RFP. A proposer's cost proposal will be used only during contract negotiations.

### 1.8 SCOPE OF SERVICES

This scope of services will enable the City of Rocklin to obtain professional and technical assistance on short notice on an as-needed basis from the selected consultants. At its discretion, the City of Rocklin intends to select one or more firms with whom the City of Rocklin will contract for services on an as-needed basis.

The City of Rocklin will appoint designated consultants to provide contract support services under the direction of the Community Development Director and/or Planning Services Manager. The consultants must be able to provide a broad range of specialized planning and environmental review services and staff to complete task project orders issued by the City of Rocklin by direct assignment of its own personnel, including, but not limited to, consultation, planning, administration, specialized analytical studies, and other miscellaneous municipal report writing.

### 1.9 LETTER OF INTENT TO RESPOND

All interested firms are encouraged to submit a Letter of Intent to Respond. The deadline to submit the letter is September 2, 2022. Submitting a letter does not guarantee or replace the formal proposal process, nor does the failure to submit a letter prevent an interested firm in submitting a proposal.

### 1.10 QUESTIONS AND INQUIRIES

All questions and inquiries must be submitted via email to Sherri Conway [sherri.conway@rocklin.ca.us](mailto:sherri.conway@rocklin.ca.us). The deadline to submit questions is September 2, 2022. One comprehensive response to all submitted questions will be distributed to all firms that submitted a Letter of Intent to Respond.

Notice of any assignment or transfer whether voluntary or involuntary shall be furnished promptly to the City.

14. INTEREST IN CONTRACT

Contractor covenants that neither it, nor any of its employees, agents, contractors, or subcontractors has any interest, nor shall they acquire any interest, direct or indirect, in the subject of the Contract, nor any other interest which would conflict in any manner or degree with the performance of its services hereunder. Contractor shall make all disclosures required by the City's conflict of interest code in accordance with the category designated by the City, unless the City Manager determines in writing that Contractor's duties are more limited in scope than is warranted by the category designated by the City code and that a narrower disclosure category should apply. Contractor also agrees to make disclosure in compliance with the City conflict of interest code if, at any time after the execution of this Contract, City determines and notifies Contractor in writing that Contractor's duties under this Contract warrant greater disclosure by Contractor than was originally contemplated. Contractor shall make disclosures in the time, place and manner set forth in the conflict of interest code and as directed by the City.

15. MATERIALS CONFIDENTIAL

To the extent permitted by law, all of the materials prepared or assembled by Contractor pursuant to performance of this Contract are confidential and Contractor agrees that they shall not be made available to any individual or organization without the prior written approval of the City, except by court order.

16. LIABILITY OF CONTRACTOR-NEGLIGENCE

Contractor shall be responsible for performing the work under this Contract in a manner which is consistent with the generally-accepted standards of the Contractor's profession and shall be liable for its own negligence and the negligent acts of its employees, agents, contractors and subcontractors. The City shall have no right of control over the manner in which the work is to be done but only as to its outcome, and shall not be charged with the responsibility of preventing risk to Contractor or its employees, agents, contractors or subcontractors.

17. INDEMNITY AND LITIGATION, COSTS

To the fullest extent permitted by law, Contractor shall hold harmless, defend at its own expense, and indemnify the City, its officers, officials, agents, employees and volunteers against any and all claims, damages, demands, liability, costs, losses and expenses, including without limitation court costs and reasonable attorneys' fees, arising from all acts or omissions of Contractor, or its officers, agents or employees in rendering services under this Agreement; excluding however, such liability, claims, losses, damages or expenses arising from the City's sole negligence, or willful acts. The provisions of this paragraph shall survive termination or suspension of this Contract. These Indemnification provisions are independent of and shall not in any way be limited by the Insurance requirements of this agreement. City approval of the Insurance required by this Agreement does not in any way relieve the Contractor from liability under this section.

## 18. CONTRACTOR TO PROVIDE INSURANCE

Contractor agrees to have and maintain the policies set forth below, against claims for injuries to persons or damages to property which may arise from or in connection with the performance of the work hereunder by the Contractor, its agents, representatives, or employees. All policies, endorsements, certificates, and/or binders shall be subject to approval by the City as to form and content. A lapse in any required insurance coverage during this Agreement shall be a breach of this Agreement.

### Minimum Scope and limit of Insurance

**Commercial General Liability (CGL):** Insurance Services Office Form CG 00 01 covering CGL on an "occurrence" basis, including products and completed operations, property damage, bodily injury and personal & advertising injury with limits no less than \$2,000,000 per occurrence. If a general aggregate limit applies, either the general aggregate limit shall apply separately to this project/location (ISO CG 25 03 or 25 04) or the general aggregate limit shall be twice the required occurrence limit.

**Automobile Liability:** Insurance Services Office Form Number CA 00 01 covering, Code 1 (any auto), or if Contractor has no owned autos, Code 8 (hired) and 9 (non-owned), with limit no less than \$1,000,000 per accident for bodily injury and property damage.

**Workers' Compensation** insurance as required by the State of California, with Statutory Limits, and Employer's Liability Insurance with limit of no less than \$1,000,000 per accident for bodily injury or disease. If Contractor has no employees, Contractor must notify City if an employee is hired, verify proof of coverage for any subcontractors, and agrees to hold City harmless and defend City from claims arising from failure to provide workers' compensation benefits.

**Professional Liability (Errors and Omissions)** Insurance appropriate to the Contractor's profession, with limit no less than \$2,000,000 per occurrence or claim, \$2,000,000 aggregate. Professional liability coverage shall extend for at least five years after completion of the Contractor's services under this Agreement.

If the Contractor maintains broader coverage and/or higher limits than the minimums shown above, the City requires and shall be entitled to the broader coverage and/or the higher limits maintained by the contractor. Any available insurance proceeds in excess of the specified minimum limits of insurance and coverage shall be available to the City.

### Other Insurance Provisions

The insurance policies are to contain, or be endorsed to contain, the following provisions:

**Additional Insured Status.** The City, its officers, officials, employees, and volunteers are to be covered as additional insureds on the CGL policy with respect to liability arising out of work or operations performed by or on behalf of the Contractor including materials, parts, or equipment furnished in connection with such work or operations. General liability coverage can be provided in the form of an endorsement to the Contractor's insurance (at least as broad as ISO Form CG 20 10 11 85 or both CG 20 10, CG 20 26, CG 20 33, or CG 20 38; and CG 20 37 forms if later revisions used).

*Primary Coverage.* For any claims related to this contract, the Contractor's insurance coverage shall be primary with coverage at least as broad as ISO CG 20 01 04 13 as respects the City, its officers, officials, employees, or volunteers. Any self-insurance maintained by the City, its officers, officials, employees or volunteers shall be excess of the Contractor's insurance and shall not contribute with it.

*Notice of Cancellation.* Each insurance policy required above shall not be canceled, except with notice to the City.

*Waiver of Subrogation.* Contractor hereby grants to City a waiver of any right to subrogation which any insurer of said Contractor may acquire against the City by virtue of the payment of any loss under such insurance. Contractor agrees to obtain any endorsement that may be necessary to affect this waiver of subrogation, but this provision applies regardless of whether or not the City has received a waiver of subrogation endorsement from the insurer.

*Self-Insured Retentions.* Self-insured retentions must be declared to and approved by the City. The City may require the Contractor to purchase coverage with a lower retention or provide proof of ability to pay losses and related investigations, claim administration, and defense expenses within the retention. The policy language shall provide, or be endorsed to provide, that the self-insured retention may be satisfied by either the named insured or City.

*Acceptability of Insurers.* Insurance is to be placed with insurers authorized to conduct business in the state with a current A.M. Best's rating of no less than A:VII, unless otherwise acceptable to the City.

*Claims Made Policies.* If any of the required policies for professional liability insurance provide coverage on a claims made basis:

The Retroactive Date must be shown and must be before the date of the contract or the beginning of contract work.

Insurance must be maintained and evidence of insurance must be provided for at least five (5) years after completion of the contract of work.

If coverage is canceled or non-renewed, and not replaced with another claims-made policy form with a Retroactive Date prior to the contract effective date, the Contractor must purchase "extended reporting" coverage for a minimum of five (5) years after completion of contract work.

*Verification of Coverage.* Contractor shall furnish the City with original Certificate of Insurance including all required amendatory endorsements (or copies of the applicable policy language effecting coverage required by this clause) and a copy of the Declarations and Endorsement Page of the CGL policy listing all policy endorsements to the City before work begins. However, failure to obtain the required documents prior to the work beginning shall not waive the Contractor's obligation to provide them. The City reserves the right to require complete, certified copies of all required insurance policies, including endorsements required by these specifications, at any time.

*Subcontractors.* Contractor shall require and verify that all subcontractors maintain insurance meeting all the requirements stated herein, and Contractor shall ensure that City is an additional insured on insurance required from subcontractors.

*Special Risks or Circumstances.* City reserves the right to modify these requirements, including limits, based on the nature of the risk, prior experience, insurer, coverage, or other special circumstances.

19. GENERAL/MISCELLANEOUS PROVISIONS:

A. Contract Documents. This agreement and its exhibits shall be known as the "Contract Documents." Terms set forth in any Contract Document shall be deemed to be incorporated in all Contract Documents as if set forth in full therein. In the event of conflict between terms contained in these Contract Documents, the more specific term shall control. D. Entire Agreement. This Contract constitutes the entire agreement between the parties relative to the services specified herein and supersedes whatever oral or written understanding they may have had prior to the execution of this agreement. No alteration or modification of this agreement shall be valid or effective unless and until such modification is evidenced by a writing signed by both parties to this Contract, by persons authorized to act on behalf of the parties. There are no understandings, agreements, conditions, representations, warranties or promises, with respect to this Contract, except those contained in or referred to in the writing.

E. Severability. If any portion of this agreement or the application thereof to any person or circumstance shall be held invalid or unenforceable, the remainder of this agreement shall not be affected thereby and shall be enforced to the greatest extent permitted by law.

F. Waiver. Neither City's acceptance of, or payment for, any service performed by Contractor, nor any waiver by either party of any default, breach, or condition precedent, shall be construed as a waiver of any provision of this agreement, nor as a waiver of any other default, breach or condition precedent or any other right hereunder.

G. Notice. All notices that are required to be given by one party to the other under this Contract shall be in writing and shall be deemed to have been given if delivered personally or enclosed in a properly addressed envelope and deposited in a United States Post Office for delivery by registered or certified mail addressed to the parties at the following addresses:
