The City of Rocklin is seeking proposals from qualified persons or entities (those having similar or related prior experience) interested in leasing City property in the downtown Quarry District to operate an outdoor public market.

The City anticipates an initial short-term lease (3-5 years) with an option to renew for the property (0.79 acres) located at the intersection of Pacific Street and Adventure Way, which has a fee simple sales value estimated at $345,000. The City desires to enter into a lease agreement with the selected applicant by February 23, 2021.

Background:

The property is located in Rocklin’s Quarry District, immediately adjacent to Quarry Park Adventures and in close proximity to the Quarry Park Amphitheater. Use of the property as an outdoor market offers the opportunity to create synergy between the three attractions. It is anticipated the outdoor market would include: the sale of food and beverages, retail sales of specialty items through food trucks or modified cargo containers, a covered seating area(s), and quality portable restrooms. The market may also include a stage for musical performances and limited sound amplification.

The City’s vision for the property is inspired by other similar projects occurring throughout the nation, including California, that vary from truly temporary pop up installations, to farmers markets (i.e., the Eddy in Reno, the Beer 40 Beer Garden in Vacaville, or the Rossi’s Marketplace in North Versailles, Pennsylvania among others).
The City does not anticipate using public funds for the outdoor market. As such, applicants should anticipate paying for any alterations or improvements which may include the extension of utilities (electric, water, sewer, gas are within close proximity), permitting costs, impact fees, and operating costs (as applicable).

After entering into a lease agreement with the City, the successful applicant would then need to apply for and obtain Planning Commission approval for a Conditional Use Permit and Design Review consistent with the zoning of the site. As the site is located within the Quarry Architectural District (see link https://rocklin-architectural.herokuapp.com/quarry-district), the City’s Architectural Review Committee would have to make a recommendation on the project design prior to action by the Planning Commission.

Selection Process:

A review panel composed of City representatives will evaluate each proposal using the criteria set forth below. The review panel may recommend an applicant without further process, or may select applicants receiving the highest scores for an oral presentation and interview. The review panel will confer with the City Manager, and thereafter make a recommendation to the City Council for award of the lease agreement. The City reserves the right to request clarification or additional information from one or all of the applicants during the selection process. The final recommendation will be presented to City Council for review, approval, and award of the lease.

Any contract awarded will be based on the proposal deemed to be most advantageous to the City. The proposal will be awarded to the applicant who best fulfills the following criteria: (1) proposed use, business plan, and management and operation plan are sound, consistent with the City’s vision, and complimentary to existing uses in the Quarry District; (2) the applicant has experience in related business endeavors; (3) the applicant demonstrates the requisite financial capacity; and (4) the applicant submits a competitive proposed rent.

Grounds for Rejection. Any false, incomplete, or unresponsive statements in connection with a proposal may be cause for City, at its sole discretion, to reject a proposal. Any judgment as to the significance of any falsity, incompleteness, or unresponsiveness associated with a proposal shall be City’s prerogative and its judgment shall be final. The City reserves the right to waive minor defects or irregularities in any proposal.

The successful firm will be required to submit a letter indicating its commitment to obtain all required permits, pay required fees, property tax, sales tax, and submit a financing commitment or otherwise prove funding availability prior to commencing the project.

Final Lease Agreement:

After selection, the winning applicant shall cooperate with the City in good faith to execute and deliver a lease agreement promptly. If at any time, and for any reason, negotiations with the selected applicant do not proceed to the City’s reasonable satisfaction, City may terminate such negotiations without liability and reject the applicant’s proposal. City shall then have the right to negotiate with and enter into a lease with any other qualified applicant that participated in the proposal process.

The lease agreement will be awarded subject to approval by the Rocklin City Council.
