This Building Project Submittal Checklist, is provided for the project professional to use as a guide in submitting a complete project to Authority Having Jurisdiction (AHJ). Additional information, documents or justifications may be required based on the individual project. For the AHJ to perform an efficient and comprehensive plan review and evaluate compliance with federal, California and local statutes and requirements, plans must be complete, legible, sufficiently detailed, cross-referenced and assembled in the order used in PART 4 of the checklist.

Submit a copy of the completed checklist to the AHJ at time of building permit submittal
