HUD's Community Development Block Grant (CDBG) Entitlement Program provides annual grants on a formula basis to entitled cities and counties to develop viable urban communities by providing decent housing and a suitable living environment, and by expanding economic opportunities, principally for low- and moderate-income persons. While HUD does not provide CDBG assistance directly to individuals, businesses, nonprofit organizations, or other non-governmental entities; contractors may be selected by the City of Rocklin through a competitive recruitment process which gives priority to those who are able to best meet the needs of the community in accordance with the national objectives and other requirements of the CDBG program.
